1. The Guben (O 52/A 79) - Sommerfeld (O 52/A 97) railroad line is scheduled to be opened to traffic. The railroad bridge over the Neisse River in Guben has been reconstructed by the Poles.
2. Several advance signals on the Guben - Cottbus line had to be deactivated to procure the 2,500 meters of signal wire required for the connection of the Sommerfeld home signal with Guben. The pertinent order was given by the Berlin Central Railway Headquarters in spite of the protest by the Cottbus railroad district.

Comment:

The reconstruction of the South-Bridge in Guben and the opening of the Guben-Sommerfeld - (Sagan) (O 52/B 26) - Breslau (P 52/C 49) line using this bridge as assumed in a previous report is confirmed. Report also shows that every kind of material is still in short supply (in this case signal wire).
